

Division of Flood Management

2014 Preseason Flood Coordination Meetings

CA Department of Water Resources

What are the Preseason Flood Coordination Meetings?

Under the FloodSAFE Flood Emergency Response Program, the Department of Water Resources (DWR), Flood Operations Center (FOC), along with our local, State, and federal partners will provide an overview of current and future weather and water conditions, DWR flood preparedness and emergency response activities, web tools, grants, and other related topics.

Who should attend these meetings?

Water managers, emergency responders, and managers who deal with flood preparedness and response.

Department of Water Resources Flood Operation Center Staff and Stanislaus County Office of Emergency Services will be hosting this preseason meeting for our regional flood emergency partners.

Stanislaus County

Thursday, October 2, 2014
9:00 – 11:30 am

Harvest Hall
3800 Cornucopia Way
Rooms D & E
Modesto CA 95

Presenters include California Office of Emergency Services (Cal OES), National Weather Service, U.S. Army Corps of Engineers, and more. For questions regarding this year's preseason meeting, please contact:
